The Matlab server has been restored. Please uninstall existing Matlab, reboot and follow the steps below to install and run Matlab on your machines.

1. Initiate the installation by double clicking on **setup.exe** available at

   \\172.16.200.35\Software\Matlab 2012a\Matlab_2012a

2. Key and License are available at

   \\172.16.200.35\Software\Matlab 2012a\Matlab_2012a_LIC

To open these folders type the above paths in **Windows Explorer** (that appears when **My Computer** is opened)
